

# Bonny Hills Progress Association News

Sept. 2021

Sure to get you out and about as Covid still affects us all.

*Improvements on the Coastal Walk from Honeysuckle Ave Bonny Hills to North Haven. Thanks to Council.*

*Take care on the steep parts of the track around Grants Head as there are some sections eroded by those big falls of rain.*

BHPA has identified parts that need to be signposted and sections still needing work.

## Something to look forward to -

Enthusiasm is building for staging an annual Bonny's Art Exhibition. The idea flows from the Back to Bonny's event in 2018 with Brian and Rita leading the charge. We will be going for a grant through the PMHC Community Grants Program and seeking sponsorships to underpin it. A big question is COVID permitting holding it in January, but the planning will not go astray if it needs to be postponed.

Other things on the boil:

- CCAT (Community- Council Action Team) has been resuscitated – jobs to do include revisiting our Community Plan to prioritise the Actions; and to make recommendations following our community's feedback on the DRAFT Reserve Masterplan
- We are quietly working away behind the scenes on
  - ensuring solutions to the water quality problems in our Creeks and ocean. We need to be ready for the next deluge.
  - THAT intersection on Houston Mitchell drive
  - Assessing options for Hall renos to expand the kitchen and storage area

We have relayed concerns expressed by our members about the torrent of Plans being produced by Council for public comment via "Have Your Say" combined with sparse evidence of action. (Though to be completely fair the last two years have been tough for both Council and our communities).

**A handsome Banksia Man seen on the Wildflower Loop. Thanks John.**
